

TAKE ACTION NOW!

Massachusetts R.T.s--The CARE Bill, H.R. 2104, Has Been Introduced

Dear Massachusetts R.T.:

I am writing to keep you informed on the status of the Consistency, Accuracy, Responsibility and Excellence (CARE) in Medical Imaging and Radiation Therapy bill and I have good news! The bill was introduced in the House of Representatives on June 2 by Rep. Ed Whitfield (R-KY-1) as H.R. 2104. It is now time to work as a united front to get the CARE bill enacted into law. Please help.

Send an e-mail or call your representative today and ask them to contact Taylor Booth in Rep. Whitfield's office to become a cosponsor and find out how to help get the CARE bill enacted. The CARE bill will guarantee that radiologic personnel who perform medical imaging and radiation therapy procedures are educated and certified as proof of being qualified. Its passage is a vital step for ensuring patient safety.

Your representative will be home working in the district the week of June 6-10, please make every attempt to reach him or her by attending town hall meetings, making an office appointment or calling the local office. You can find phone numbers and the schedule of meetings on their websites.

Also, please contact the Washington, D.C. office and let them know how important this bill is to you and the patients in your state. You can use the [ASRT eAdvocacy for You](#) site or your representative's website to send a message. Please do it now!

If you have any questions, please don't hesitate to contact me. Together, we can make a difference.

Sincerely,

David LeClair B.S., R.T. (R), (ARRT)
MSRT Governance Chairman
